StockX

## Guaranteed Authenticity.

Every item. Every time. Shop on StockX with complete confidence knowing every purchase is 100% Verified Authentic.

## Trust The Process

Our global team of expert authenticators uses a rigorous, multi-step verification procedure that includes the following checkpoints:

### Condition

We only allow deadstock on our marketplace. That means every item bought or sold must be brand new and never worn.

### Construction

With checklists of 100+ data points, our authenticators are better equipped than anyone to ensure a product's authenticity.

### Packaging

Equally important as the product itself, our team ensures packaging meets the highest quality standards to deliver a brand new product.

#### Quality Assurance

A final check in our authentication practice, our QA experts ensure nothing slips through the cracks.

#### Advanced Technology

We use machine learning to aid our authenticators in catching every minor detail.

#### Accessories

From the full list of accessories to all the additional add-ons, rest assured that your purchase on StockX will match any retail purchase experience.

In a community filled with inauthentic items, I have the opportunity to protect our customers and their hard earned money.

Siebe

Authenticator, Veldhoven

“

I have the privilege of teaching a new generation of authenticators, to help them succeed, and watch them grow. It's fulfilling to see.

Alex

Authenticator, Tempe

## Committed to Quality

Over the years, our team members have authenticated tens of millions of products at a 99.95% accuracy rate.

We've compiled data from every fake product in the history of StockX to build a comprehensive database of fake techniques around the world. Our database is updated daily and constantly serves to keep our team educated and up to date.

## Behind The Scenes

Our authenticators share a deep love and knowledge for the products and culture around our marketplace.

#### Product Description

From the school-spirited College Colors Program to the vibrant Nike CO.JP collection, Nike Dunks have seen many colorways since the design's inception in 1985. But with each new colorway, the Dunk's classic color-blocking has remained in some capacity. Nike put its timeless color-blocking to work with the Nike Dunk Low Retro White Black.

The upper Nike Dunk Low Retro White Black is constructed of white leather with black leather overlays and Swooshes. Classic Nike branding is featured on the nylon tongue, nodding to traditional Dunk design elements. A white midsole and black outsole completes the design.

The Nike Dunk Low Retro White Black released in January of 2021 and retailed for \$100.

StockX

## StockX Inspected.

Every Item. Every Time. Shop on StockX with confidence knowing every purchase is StockX Inspected. StockX Inspected is our own designation and not endorsed by brands sold on StockX.

## Trust The Process

Our global team of inspectors uses a rigorous, multi-step inspection procedure that includes the following checkpoints:

### Condition

We only allow deadstock on our marketplace. That means every item bought or sold must be brand new and never worn.

### Packaging

Equally important as the product itself, our team ensures packaging meets the highest quality standards to deliver a brand new product.

#### Quality Assurance

A final check in our inspection process, our QA inspectors ensure the product meets our high standards.

#### Advanced Technology

We use machine learning to aid our inspectors in catching every minor detail.

#### Accessories

From the full list of accessories to all the additional add-ons, rest assured that your purchase on StockX will match any retail purchase experience.

In a community filled with uninspected items, I have the opportunity to protect our customers and their hard earned money.

Siebe  
Inspector, Veldhoven

I have the privilege of teaching a new generation of inspectors, to help them succeed, and watch them grow. It's fulfilling to see.

Alex  
Inspector, Tempe

## Committed to Quality

Over the years, our team members have inspected tens of millions of products.

We've compiled data from every fake product in the history of StockX to build a comprehensive database of fake techniques around the world. Our database is updated daily and constantly serves to keep our team educated and up to date.

## Behind The Scenes

Our inspectors share a deep love and knowledge for the products and culture around our marketplace.

#### Product Description

From the school-spirited College Colors Program to the vibrant Nike CQ.JP collection, Nike Dunks have seen many colorways since the design's inception in 1985. But with each new colorway, the Dunk's classic color-blocking has remained in some capacity. Nike put its timeless color-blocking to work with the Nike Dunk Low Retro White Black.

The upper Nike Dunk Low Retro White Black is constructed of white leather with black leather overlays and Swooshes. Classic Nike branding is featured on the nylon tongue, nodding to traditional Dunk design elements. A white midsole and black outsole completes the design.

The Nike Dunk Low Retro White Black released in January of 2021 and retailed for \$100.
